GRUNDFOS

Reliable, high efficiency circulators

GRUNDFOS ALPHA2 & ALPHA1

ALPHA2

Boasting unrivalled energy-efficiency and easy installation, ALPHA2 is the best pump for covering your toughest heating demands, as well as 90% of air-conditioning and cooling demands. Featuring our patented AUTOADAPT technology, ALPHA2 automatically adjusts operations speed to meet system demands, ensure the lowest possible energy consumption without sacrificing comfort.

ALPHA1

The ALPHA1 is a variable-speed circulator built with reliable, electronically controlled Grundfos permanent magnet motor (ECM) technology. Featuring three-constant pressure control modes, an LED display and easy-to-use push button controls, the ALPHA1 is the perfect solution for domestic hydronic heating and hot water recirculation applications.

Key Features and Benefits

- **The only circulators you need** – ALPHA2 / ALPHA1 will each replace more than 30 other pumps
- **Trusted technology** – ALPHA products are built with 16+ years ECM experience and 65+ years hydronic experience (we're not rookies)
- **Shorten your installation time** – helpful features including standard or rotated flanges, plug and play start-up and nut captures, allow for quick and simple installation
- **No call backs** – ALPHA pumps are the most reliable
- **Built in the US** – ALPHA2 / ALPHA1 are built in our Fresno, California plant

Product Offering

Product Number	Model	Description
99163903	ALPHA2 15-55F	Cast iron flange with terminal box
99163932	ALPHA2 15-55FR	Cast iron rotated flange with terminal box
99163937	ALPHA2 15-55SF	Stainless flange with terminal box
99163906	ALPHA2 15-55F/LC	Cast iron flange with line cord
99163934	ALPHA2 15-55FR/LC	Cast iron rotated flange with line cord
99163972	ALPHA2 15-55SF/LC	Stainless flange with line cord
99287256	ALPHA1 15-55 F	Cast iron flange with terminal box
99287259	ALPHA1 15-55 FR	Cast iron rotated flange with terminal box
99287262	ALPHA1 15-55 SF	Stainless flange with terminal box
99285998	ALPHA1 15-55 F/LC	Cast iron flange with line cord
99287244	ALPHA1 15-55 FR/LC	Cast iron rotated flange with line cord
99287250	ALPHA1 15-55 SF/LC	Stainless flange with line cord

Technical Data

ALPHA2 & ALPHA1	
Flow, Q:	max. 21 gpm (80 lpm)
Head, H:	max. 19 ft. (5.8 m)
Motor:	1 x 115V
Liquid temp.:	36°F to 230°F (2°C to 110°C)
Working Pressure:	max. 150 PSI
Watts:	5-45 W
Amps:	0.65 A
Approvals:	ETL, NSF 61, NSF 372 Canadian ICES-003
